## President's Palaver

My how time flies. Thanks for all of you that came to Southwestern College last month. Sorry there weren't more flowers in bloom. The phals are mostly in bloom now and really beautiful.

Well it is that time of year when we have our plant auction. This is a chance to pick up some really nice orchids that members have divided. Some will be potted and ready to put on the bench or cuttings that you may have to pot up yourself. Members need to make sure the plants are healthy and free (as far as you know) from insects and disease. We don't want to introduce anything into someone else's collection.

Don't forget that the Oklahoma Orchid Society show is Mother's Day weekend in Oklahoma City. Always a good chance to find some plants there also. You know we all need new plants for our hobby.

Be sure and bring your money or checkbook!!!!!!!

President
